

Severe Head Pains Caused By Catarrh Cured By Peruna

I Feel It
a Duty to
Mankind
to Let All
Know of
My Cure.
Peruna
Did It.

Mr. W. H. Chaney, R. F. D. 2, Safford, Pennsylvania Co., Va., writes: "For the past twelve months I have been a sufferer from catarrh of the head. Since taking four bottles of your Peruna I feel like a different person altogether. The severe pains in my head have disappeared, and my entire system has been greatly strengthened."

"This is my first testimonial to the curative qualities of any patent medicine. I feel it a duty to mankind to let them know of Peruna. In my estimation it is the greatest medicine on earth for catarrh."

We have thousands of testimonials like Mr. Chaney's. Some of them were cured after years of suffering and disappointment in finding a remedy.

Send for free copy of "His of Life" The Peruna Co., Columbus, Ohio.

Those who object to liquid medicines can now procure Peruna Tablets.

MORTUARY.

Miss Juanita Santoval.

The funeral of Miss Juanita Santoval, 23 years old, who died yesterday at her home, 1013 South Third street, was held this morning from the Catholic church of the Sacred Heart. The young lady of St. Mary took part in the service. Burial was in San Jose cemetery.

Mrs. E. A. Seaway.

Mrs. E. A. Seaway, 55 years old, died at 7 o'clock last night at her home, 115 South High street. Her husband is now here from Lincoln, Neb., and is expected tonight. The body was taken to Strong Brothers undertaking home. Funeral arrangements will be made after the arrival of Mr. Seaway.

The LEADER, Santa Claus Headquarters, will be open evenings from now until Christmas.

WISE ECONOMY IN PUBLIC SERVICE IS URGED

Secretary Redfield in Annual Report Lays Greatest Emphasis Upon Better Business Methods in Handling Government Work.

Washington, D. C., Dec. 9.—Economy in public service is the keynote of the annual report of Secretary Redfield, of the department of commerce. In summarizing the work of the many bureaus of his department he undertakes to suggest a wise use of government funds.

"If attention were directed not to totals but to the wise use of funds," said Secretary Redfield, "so that the latter should be made to produce the utmost possible service, much would be accomplished that is now hardly suggested or attempted. Every industrial manager knows that economy requires his plant to be kept up in the best productive condition. It is not economical in order to save a total expenditure, to allow the plant to run down and then have to build it up again. This does not save money, but loses it. Economy of this kind is not economy at all. It merely involves a cycle of expenditure changes, costs in themselves and more waste in their results."

"If, instead of wasting upon totals, without regard to whether the money which comprises these totals has been spent wisely or unwisely, care were centered on the need for expenditure and for the wisdom with which that need is met, money could be saved that will otherwise continue to be lost."

Summarizing the work of the last year in promoting foreign trade, Mr. Redfield says:

"The United States is one of the three foremost commercial nations. It is essential in its prosperity that it should be inferior to no other country in its governmental system for the fostering and protection of its trade, both domestic and foreign. Such a system is now being established in foreign countries, the admirable trade-development work which the commercial officers of the department of state carry on is now to be supplemented through the service of a corps of commercial attachés, which will fill a gap heretofore existing in our organization as compared with that of other nations. These, with the group of special traveling investigators in commercial agencies who continue the valuable technical studies of markets abroad, constitute for the first time in the foreign field a complete and well-

balanced system of federal aid to trade in foreign lands.

"The special fund for promoting commerce in Central and South America, of which 50 per cent is allotted to field investigation and the remainder in Washington, should be continued and supplemented, as a permanent occupation of Latin-American markets is the only wise policy for our government to support."

Various phases of the work of investigating commercial conditions in the United States are reviewed at length.

JUDGE FOR YOURSELF Which Is Better—Try an Experiment or Profit by Albuquerque Citizen's Experience.

something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, lame, weak, or aching one, as a permanent occupation of Latin-American markets is the only wise policy for our government to support."

Endorsed by strangers from far-away places.

It is different when the endorsement comes from home.

Easy to prove local testimony. Read this Albuquerque case. J. M. Vickrey, plumber, 1904 N. Eleventh St., Albuquerque, says: "I don't hesitate to recommend Doan's Kidney Pills. I am sure that they are a good medicine for backache and kidney trouble. In my case they brought immediate relief from backache. I know of another case where Doan's Kidney Pills were used for pain in the back caused by weak kidneys. Such positive benefit was had that it proves their worth beyond question."

Mr. Vickrey is only one of many Albuquerque people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you—don't simply ask for kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Vickrey had—the remedy backed by home testimony 500 all stores. Foster-McMurray Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

Don't the Herald want ad do your work.

MASS MEETING IN AID OF NURSE PLAN SOON

Mrs. Dodge to Return and Address Citizens at the High School. Mr. Wiley's Address Arouses Interest.

First steps in the launching of a movement for the organized relief of sick people in this city were taken last night at the meeting in the Fourth ward school called by the Parent-Teacher association. While no definite action was taken, the enthusiasm and the interest aroused were so manifest that, according to those who attended the gathering, there is every prospect that a visiting nurse will soon be active in the city.

The address of the evening, by Mrs. J. M. Vickrey, plumber, 1904 N. Eleventh St., Albuquerque, says: "I don't hesitate to recommend Doan's Kidney Pills. I am sure that they are a good medicine for backache and kidney trouble. In my case they brought immediate relief from backache. I know of another case where Doan's Kidney Pills were used for pain in the back caused by weak kidneys. Such positive benefit was had that it proves their worth beyond question."

Deep interest in the audience was made last night by an address by H. W. Wiley, publicly expert of the health department of the Commercial club and leader of the Red Cross stamp sale here. His cogent argument for practical, organized and systematic relief, with emphasis on the economic value of the work, was irresistible. It led to a spontaneous resolution to cooperate with the Commercial club and all other organizations when the plan for united effort is laid out. The impression produced by Mr. Wiley's address was voiced in one another who said after the meeting with Doan's enthusiasm: "All Wiley is just a brick!" He knows just what he is talking about."

Bella Herman, 3 Tenth St., Albert, and Dr. Leroy A. Peters, secretary of the New Mexico Society for the Study and Prevention of Tuberculosis, also spoke.

Dr. Herman paid a tribute to Mrs. Dodge and pleaded for each individual and each society to live the plan that exists in service to others. Dr. L. A. Peters outlined the broad work of education the state society is supporting and advocated greater activity in directing people to protect the young from contagion.

ALBUQUERQUE MEN ON PROGRAM OF MEDICAL MEET

Southwestern Medical and Surgical Association Will Meet Tomorrow in El Paso. With Four States Represented.

Dr. A. D. Shortle and Dr. L. A. Peters and possibly several other Albuquerque physicians will leave this evening for El Paso to attend the three-day meeting of the Southwestern Medical and Surgical association which convenes there tomorrow.

Both Dr. Shortle and Dr. Peters are scheduled for addresses under the tuberculous section, while physicians from Denver, Chicago, Kansas, Albuquerque, Fort Hays and Fort Stanton are to participate in the discussion. Dr. W. T. Brown of Warren, N. M., is here today on his way to the convention.

AUTO ROBE THIEVES ARE ACTIVE AGAIN

With the recurrence of winter weather the epidemic of thefts of auto robes and radiator covers has broken out afresh. All over town, a prominent autoist said today, robes and blankets and rugs are being taken from cars. Every man who puts a robe over his radiator and turns his back on his car is said to run a long chance of losing the covering.

The police said when the epidemic first broke out that the robes are, for the most part, taken by poor people who want bed coverings. For that reason they are hard to recover, the officers adding their own service in their own homes where they are no seen. If the robes were sold there would be a chance to trace them. All the policemen have been instructed to watch for the robe thieves.

While new and good robes are the most used for robes and each contributes more than a million feet to the big making industry annually.

The flowering bulbs we have in stock all grow beautifully inside in any kind of vessel that will hold a little soil or water. A great many are getting them now to grow for holiday decorations. They go at par post rates. E. F. Free.

The LEADER, Santa Claus Headquarters, will be open evenings from now until Christmas.

WILL DISPATCH BY PHONE ON PECOS VALLEY LINE

Santa Fe Installing New System for Handling Trains Which Will Go Into Service About First of Year.

Rowell, N. M., Dec. 9.—About the first of the year the Santa Fe railroad system will install an entirely new dispatching system along the Pecos valley line. It will be the telephone dispatching system, and will allow the company a double system, so that at no time will the service be out of commission.

For the last month Leonard Wheeler has been busy with his corps of men placing the wires on the poles from Carlsbad to Lordsburg, and just finished stringing the metallic copper wires between the two points. They will secure this week the installation of the telephone instruments in all of the offices. Then the telephone line will be equipped over the new year calendar to handle the dispatching and to be taken which will connect up the system with the trunk lines.

The purpose of the installation of the telephone system is twofold. It has been tried out and found that the telephone system works much time in the dispatching of train orders, and the like. Not only does it save time, but it is more accurate, and it does not take an expert to take the orders.

However, the telephone system will be maintained and kept in shape, so that any time anything should go wrong with the telephone wires, they would be ready to service.

NORDHAUS REPORTS CONDITIONS GOOD IN NEW MEXICO

Writing to business conditions in the New Mexico, Nordhaus, Max Nordhaus, president of the Chamber of Commerce, says:

Business conditions in the state of New Mexico are generally good, due to the fact that this state has had better crops than most of the other states in the west. Most of the crops which have been raised are bringing good prices, which makes business in the rural districts especially good.

Conditions in the city trade are generally good, as there is no general employment. The trade in the suburbs is very steady and well-traded, on which most of our trade depends, has other of our

Neuralgia

There is no need to suffer the annoying, excruciating pain of neuralgia; Sloan's Liniment laid on gently will soothe the aching, head like magic. Don't delay. Try it at once.

Hear What Others Say
"I have been a sufferer with Neuralgia for several years and have used different Liniments, but Sloan's Liniment is the best. I have tried it repeatedly; it has never failed."—F. D. Williams, Augusta, Ark.

Mrs. Ruth C. Cline, Indianapolis, Ind., writes: "A friend of mine told me Sloan's Liniment. We have been using it for 12 years and think there is nothing like it. We use it in everything, from colds, to rheumatism, to neuralgia, and on everything else. We can't get along without it. We think it is the best Liniment made."

SLOAN'S LINIMENT

is the best remedy for rheumatism, backache, sore throat and sprains.
